

Auerbach purchasing

We are pleased to inform you that we have made another step towards fulfilling our vision of becoming a fully integrated shipping company – the Auerbach Purchasing Department has started its operation as of beginning of April 2019.

Please warmly welcome Ms. Martha Iliadou and Mr. Yasir Malik, who are currently involved in preparation works for taking over the first vessels into our procurement management in May. Martha and Yasir bring an exciting tool kit of relevant experiences in the maritime industry and the enthusiasm and passion for shipping that guides our strive at Auerbach Schifffahrt for creating extraordinary solutions for tasks at hand.

Auerbach wishes you calm winds and following seas
